Atherton, CA | New York, NY | (321) 946-1683 | ant5149@nyu.edu | [LinkedIn](#) | [Portfolio](#)

EDUCATION

New York University, Center for Data Science, New York, NY
Master of Science, Data Science, Computational Social Science

Sept. 2025 - May 2027

University of California San Diego, San Diego, CA
Bachelor of Science, Social Psychology
Honors: Cum Laude, Provost Honors, Marshall College Honors

Aug. 2021 – June 2023

RELEVANT PROJECTS

Film & Streaming Platform Analysis using Python

- Analyzed user ratings across streaming platforms to discover correlations between film attributes and reception.
- Identified key drivers of audience engagement and retention through viewing behavior and film attribute patterns.
- Designed an actionable presentation with data visualizations to deliver project outcomes to a diverse audience.

Audience Behavior & Digital Engagement Analysis using RStudio

- Created a model that determines the correlations between personality and digital consumer behavior.
- Created a rating system to identify the highest multivariate correlations in RStudio.
- Presented to a class of 50 on implications of social media behavior using R and Tableau data visualizations.

Algorithmic Data and Bias Audit in Python (In Progress)

- Auditing a Kaggle competition-winning model that predicts problematic internet usage in youth audiences.
- Profiling input data quality, integrity, and fairness across demographic subpopulations including age and sex.
- Evaluating bias and accuracy across LightGBM, XGBoost, and CatBoost ensemble regressors.

EXPERIENCE

Sales Associate, Coach, SoHo, NY

Dec. 2024 – Present

- Create strong relationships with customers with a sales and client-centered focus.
- Increased store sales by 20% and sold \$10,000 worth of merchandise in one selling shift.

Volunteer, Second Harvest of Silicon Valley, San Jose, CA

Jan. 2024 – July 2025

- Collaborated in large, cross-functional teams to deliver data-driven hands-on solutions to community-based hunger through actionable plans.

SKILLS

SQL, Python, Tableau, Power BI, CRM platforms, data pipelines, data flows, A/B testing, probability, statistical modeling, AI, optimization, forecasting, predictive models, recommendation systems, experimentation, social analytics

MORE SKILLS

SciFi film fanatic, audience insights, data storytelling, audience segmentation, performance analysis, marketing, data journalism, digital media, engagement, hypothesis testing, surveys, UX, UI, Google Analytics, decision sciences
